

Dear Friend,

I want to thank you for making the time to take a closer look at Word Ablaze Ministries. While our ministry is taking us to the United States, United Kingdom, and other nations around the world, we are endeavoring to answer the call of God in our homeland of Africa. God has given us a specific mandate to empower and equip the people of Africa by providing for them in a number of areas. God has truly been blessing us, but at the same time, the needs of the people are growing and the cost of meeting these most pressing needs are escalating. And because our economy at

home is in a total state of demise, we must depend on the support of our friends from the United States and Europe, like yourself, to help us continue in these efforts.

I ask you to prayerfully consider becoming a COVENANT PARTNER with us on a financial level. As you covenant together with us for this Kingdom Mandate, we believe and pray that God would bless you in every imaginable way. May God richly bless you and open the windows of heaven over your life.

Sincerely,
Douglas Chieza
